## RED ROCK LEGACY TRAIL CYCLIST SCULPTURE DISTRICT F

**Scope:** To create a public art piece is a celebration of cycling while honors lost cyclists to be placed at the Legacy Trail.

Funding Estimate: \$175,000

**Stakeholders:** District F, Public Works, BLM/FHWA/NDOT, Cycle Community Leaders, Long Range Planning.

**Location:** Trailhead parking lot on the Summerlin side adjacent to West Career & Tech Academy.

**Background:** The Legacy Trail was originally conceived after a prominent cyclist (Don Albietz) was killed by an 18-wheeler while riding along SR159, and as you know, there have unfortunately been too many cycling deaths over the years. There is a temporary placement of a Ghost Bike at Charleston along the Beltway Trail in memory of the five riders who were killed a few years ago near Boulder City. While that Ghost Bike could be moved to the trailhead parking lot, I think it would be a lot more meaningful if Clark County commissioned a public art piece to honor lost cyclists to be placed at the Legacy Trail parking lot/trailhead.

### **TEMPORARY PLAY ART: LEMONDE** ALL DISTRICTS

**Scope:** To bring high quality interactive public art to our community.

Funding Estimate: \$100,000

**Stakeholders:** P&R, RPM, Public Works, Economic Development

**Background:** LeMonde Studio is a movement toward greener entertainment combining art and sensible technology. Electrifying each activation by human power or green tech, we put the visitor at the center stage of the experience, building community bridges and teaching the actual value of energy. Our clients are public organizations, governments, commercial spaces and brands looking for new ways to engage with their community and offer them a much-needed break from their fast-paced life.

Needs if move forward we need to find locations. Artworks would be dropped off at a location for 6 weeks / 8 projects. After 6 weeks a new project would come in. Can be at different locations. Work with Economic Development for some of the neighborhood engagement.
